

Academic year 2020/21

Contingency Plan

DEGREE	Erasmus Mundus Joint Master Degree in Water and Coastal Management (WACOMA)
MODULE	Hydro-meteorological hazards and risks at coastal zones
UCA CODE	2374304
COORDINATOR	Óscar Ferreira
NUM. ECTS	2 ECTS

Teaching activities			
Please, indicate the teaching methodology to be used in each of the possible scenarios			
INITIAL PLAN – CLASSROOM TEACHING	Num. hours	MULTIMODAL TEACHING	ONLINE TEACHING
01.- THEORY LESSONS	7	Although the course is divided into theory and computer workshops in fact the classes are given one after other, meaning that there is a theoretical Introduction and then computer exercises. Thus, all classes are in a computer room. The number of students attending will then depend on the size of the computer classroom and on the rules applying at the time. If the number of enrolled students at the course is bigger than the available seats at the computer room, the course will be taught online using zoom platform and Campus Virtual. The theoretical contents would be the same as those planned for the classroom lessons.	The course will be taught online using zoom platform and Campus Virtual. The theoretical contents would be the same as those planned for the classroom lessons.
02.- SEMINARS, COMPUTER WORKSHOPS OR PROBLEM-SOLVING ACTIVITIES	7	Computer workshops will take place in the computer classroom, should it be large enough according to the health and safety rules in force at the time of teaching. Should that not be possible, the activities will be carried out online using zoom platform and Campus Virtual. The contents will be the same as those planned for the classroom workshops.	The course will be taught online using zoom platform and Campus Virtual. The contents would be the same as those planned for the classroom lessons.
04.- LABORATORY LESSONS	0		
10.-OTHER LEARNING ACTIVITIES (STUDENT'S PRIVATE		As initially planned	As initially planned
