VI Scientific Symposium of Students of the Faculty of Marine and Environmental Sciences

SACMA 2021

07th and 14th of May 2021

Venue:

**On-line, and streaming from the
Andalusian Centre for Marine
Studies (CASEM)**

What's SACMA?

The Scientific Symposium of Students of the Faculty of Marine and Environmental Sciences of the University of Cádiz is an initiative to promote research activity of the faculty to their students.

The aim of the activity is to show the research developed by students in the departments of the faculty, sharing their results with their colleagues.

Goals of SACMA are the dissemination of research, enhancement of critical thinking, improvement of communication skills, and to promote students engagement to the faculty. Consequently, SACMA is planned to offer a better university experience to our students.

¿Who can participate in SACMA?

The Symposium is open to students of the UCA and SEA-EU partners, doing research in any of the topics of the Symposium. Students can participate in any of these categories:

- Undergraduate students.
- Postgraduate students.

¿How can I participate?

This edition, participation will be on-line.

There are three modalities available:

- Oral communication (10 min.)
- Scientific video (1-3 minutes)
- Poster communication.
- Audit.

To participate with a communication, students must submit an abstract of their work, together with the agreement of their supervisor : inscripcion.SACMA@uca.es. The scientific committee will select which works will be presented in each modality.

All documents will be available in the website of the Faculty of Marine and Environmental Sciences of the UCA (cmmaryambientales.uca.es/)

Important dates

1st of February 2021: Abstracts submission

2nd of April 2021: Notification of communication modality.

30th of April 2020: Scientific video and posters

Awards:

The best presentation in each modality and categories will be awarded with a digital Tablet.

Participation will be recognised with:

- Oral communication: 1,5 ECTS
- Poster and scientific video: 1 ECTS
- Audit: 1 ECTS

(Recognition of ECTS due to participation in different modalities is accumulative)
